

ALOE CARE HEALTH

The World's Most Advanced Medical Alert System

Aloe Care is delivering the world's most advanced voice-activated, in-home medical alert and communication system for older adults. The service improves elders' safety, deepens engagement, and makes connection and care collaboration intuitive and easy.

- World's first voice-activated digital care assistant
- Real-time fall-response; environmental monitoring
- Coverage at home or on-the-go
- Robust remote caregiving solution; includes Family App for care collaboration
- Access to 24/7 Professional Emergency Response team

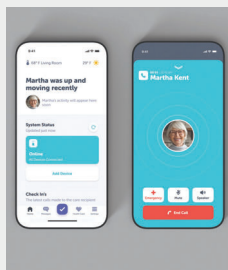

Voice Activated — No WiFi Needed

Keep independent older adults safer, more connected & engaged.
Get peace of mind for everyone in the circle-of-care.

THE HUB

Use the voice-activated Smart Hub or the Care Button to connect directly to our 24/7 Emergency Response Center.

THE APP

Caregivers stay connected through the app (iPhone and Android) for real-time updates and ability to make App-to-Hub calls.

MOBILE COMPANION

Get help inside/outside the home with our Mobile Companion; includes automatic fall detection so you always feel safe.
